Provincial Taxation

HOW IT IS RAISED AND APPLIED

A PER CAPITA SURVEY OF THE PROVINCE

The Province of Alberta and its people alone collect and spend about eleven and a half million dollars every year. This is in addition to the taxes levied by the federal government, which are levied on the individual citizen. The total amount of taxes levied on the individual citizen is about \$1.50 per year. This is a very small amount of money, but it is a very important one. It is the only way in which the government can raise money to carry out its work.

The Income Tax

The income tax is the most important of the taxes levied on the individual citizen. It is a tax on the income of the individual citizen. It is levied on the income of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Property Tax

The property tax is the second most important of the taxes levied on the individual citizen. It is a tax on the property of the individual citizen. It is levied on the property of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Sales Tax

The sales tax is the third most important of the taxes levied on the individual citizen. It is a tax on the sales of the individual citizen. It is levied on the sales of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Excise Tax

The excise tax is the fourth most important of the taxes levied on the individual citizen. It is a tax on the excise of the individual citizen. It is levied on the excise of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Poll Tax

The poll tax is the fifth most important of the taxes levied on the individual citizen. It is a tax on the poll of the individual citizen. It is levied on the poll of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Land Tax

The land tax is the sixth most important of the taxes levied on the individual citizen. It is a tax on the land of the individual citizen. It is levied on the land of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Corporation Tax

The corporation tax is the seventh most important of the taxes levied on the individual citizen. It is a tax on the corporation of the individual citizen. It is levied on the corporation of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Estate Tax

The estate tax is the eighth most important of the taxes levied on the individual citizen. It is a tax on the estate of the individual citizen. It is levied on the estate of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Gift Tax

The gift tax is the ninth most important of the taxes levied on the individual citizen. It is a tax on the gift of the individual citizen. It is levied on the gift of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Transfer Tax

The transfer tax is the tenth most important of the taxes levied on the individual citizen. It is a tax on the transfer of the individual citizen. It is levied on the transfer of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Inheritance Tax

The inheritance tax is the eleventh most important of the taxes levied on the individual citizen. It is a tax on the inheritance of the individual citizen. It is levied on the inheritance of the individual citizen. It is the only way in which the government can raise money to carry out its work.

The Capital Tax

The capital tax is the twelfth most important of the taxes levied on the individual citizen. It is a tax on the capital of the individual citizen. It is levied on the capital of the individual citizen. It is the only way in which the government can raise money to carry out its work.

Delia Schools

Annual Field Day

The annual field day of the Delia Schools was held on the Agricultural grounds Friday afternoon and proved most enjoyable. The different events were held in the afternoon and the program was completed by the end of the afternoon. The program was completed by the end of the afternoon. The program was completed by the end of the afternoon.

Special Interest was taken by the children in the events for prizes collected by School Trustees A. Nelson and J. Anderson.

The program completed events in each department, six girls and six boys for boys, and six girls and six boys for girls.

21 YEARS OF LEADERSHIP

Every quality that is built into any product is measured finally by the degree of its acceptance by the public. Only the best can hope to win and hold the public approval, for approval is based on confidence, and confidence must be earned. Public confidence has made the Ford the world's most popular car. It has pioneered motor transportation in every quarter of the globe, and because of its fundamental soundness, has maintained an established leadership which has defied competition. Today, it is accepted throughout the world as the standard by which all transportation units are judged, and its performance under ordinary and extraordinary conditions has made its desirability a matter of tradition.
